

**Janine Smith**

My husband, Bill, and I moved into our new home in November 2015. We love Lacamas Shores for its natural beauty and recreational opportunities. I am a current board member serving the balance of a previous board member's term. Many of our neighbors have already spent many years volunteering within our community to keep it the great place we now live in. I have the time and interest to volunteer to serve on the board if elected. My professional background is in commercial real estate. I have extensive experience with property operations, budgeting, construction, project management and customer service. I have also served as treasurer for a non-profit and president of another HOA board.
